

Course Review

On the Internet, nobody knows you're a dog.

PSY 532: Psychological Effects of the Internet

Unit 1: Getting Started on the Internet

Name 9 technologies or past-times

- a) that were mentioned in from Professor Gernsbacher's lecture video, Adam Conover's video, Clive Thompson's articles, or Jason Feifer's article; AND
- b) that preceded the Internet; AND
- c) that are NOT CURRENTLY feared, but they WERE PREVIOUSLY feared; AND
- d) that were previously feared in a way similar to the way that many Internet-based technologies and past-times are currently feared.

Unit 2: Learning via the Internet

List five fundamental principles of learning on which Internet-based higher education capitalizes.

Unit 3: Educating via the Internet

List five challenges that college students face today and how Internet-based education can tackle each challenge.

Unit 5: Broadcasting via the Internet

Illustrate how the Internet can amplify communication by listing four instances when **mass** communication campaigns **were intended (and hoped)** to go viral.

Illustrate how the Internet can amplify communication by listing four instances when **interpersonal** communication **was NOT intended to go viral**, but did go viral because of the Internet.
